

## A memorable Commencement Day for Southland College Prep's Elijah Calloway

Richton Park, IL.- June 13, 2014-- At Southland College Prep's first Commencement, Elijah Calloway, of Matteson, learned that not only has he been accepted by the U.S. Air Force Academy Prep School, a first step toward admission to the Academy but that he also received the Ronald Blackstone Memorial Scholarship in recognition of his academic accomplishments in and out of school. Calloway, a member of the school's National Honor Society chapter, was among the "top of the class" of the new public charter high school and assumed several leadership positions during his four years at Southland. A member of a military family, he aspires to earn a commission in the U.S. Air Force following admission to the Academy.
