Welcome to the 2022-2023 school year! This promises to be a year filled with possibilities as we strive to find ways for our scholars to become the leaders of tomorrow. During the 2022-2023 school year, we will continue to build upon and refine our proven foundation, honored traditions, and continued excellence in education.

We embark on this journey with a pledge to you, our students, parents, and community, that this will be a year of engaging, meaningful, and rigorous work in our classrooms, combined with special experiences certain to encourage our Scholars and Leaders to be the best of the best!

Our family is committed to providing our scholars many opportunities. We invite and encourage students and parents to work in partnership with us. We extend a special yearlong invitation to our families to join us at school activities and events whenever possible. We value your involvement and support in your child's education. Your active participation is key to the success of your young Scholar and Leader during his/her elementary school years.

Please know that we highly value home and school communication. It is vital and plays an integral role in each scholar's success. We encourage you to contact us if and when the need arises and to stay in the know about your child's studies, assignments, assessments, and school activities as well as other events and happenings.

Again, we welcome you to our wonderful learning community. Our school is a place alive with energy, enthusiasm, and a high standard of excellence. It is, indeed, a place where opportunities thrive!

We look forward to working with you to make our school a great place to work and learn each and every day, all day long.

Sincerely,
