Dear Parent and Guardians,

Due to the inclement weather our Knights will not be having school on Wednesday or Thursday of this week. As a result, all students were given work packets from their core classes to help guide their structured home-based instructional day. We expect all of our Knights to complete this work and to hand it in to their homeroom teachers on their return to school. Please stayed tuned to Dr. Davis robo calls to stay in touch with the status of our school days.

We thank you for your continual support and we look forward to seeing our Knights back to school as soon as possible. If you have any questions regarding the attached work, please feel free to e-mail your student's teacher.

Take care and we'll see everyone soon.

Dr. Robert Tomic
